## EXPLANATORY NOTES

### SYMBOLS USED

Throughout this bulletin the following symbols have been used -

n.a. Not collected, not available for publication, or not applicable.

- Nil (or less than 0.5).

p Preliminary figures.

r Revised since previous issue.

———— Break in continuity of series (where drawn across a column between two consecutive figures).

A blank space in a column of figures means the figure concerned is not yet available.

When the symbol "p" or "r" is placed in the column headed "Period" (as for example on page 15) it refers to all figures on that particular line.

### ROUNDING

In tables where figures have been rounded, discrepancies between totals and sums of components are due to rounding.

### PRODUCTION SERIES

Details of production on pages 10-13 are for selected items only. Particulars for several commodities of considerable importance in this State have been withheld because publication would reveal confidential information. Final amendments are made only to annual and not to monthly production figures.

Year ended December 1967	558,557	553,118	1,111,675	

Note: Following the repeal in August 1967 of Section 127 of the Commonwealth Constitution, official figures of population are required to include full-blood Aborigines.

Reporting at the 1966 Census was insufficiently precise to enable a reliable dissection of full-blood and half-blood Aborigines to be made. Consequently figures including full-blood Aborigines have been published only for comparison with later population figures, and the difference between inclusive and exclusive figures published elsewhere should not be interpreted as a reliable measure of the Aboriginal population.

- (a) Estimates from December 1961 to March 1966 have been revised in accordance with final results of the Census, 30 June 1966.
- (b) Particulars of full-blood Aborigines are included in 1966 Census and subsequent figures. Earlier figures exclude full-blood Aborigines.
- (c) Prior to June 1966 the metropolitan area comprised 21 municipalities. From June 1966 new criteria based mainly on population density have been adopted and Elizabeth, Salisbury and Tea Tree Gully have been included.

For meaning of symbols n.a., ———, see page 2.
